

Bi-Color Reverse Mount red white led

Package Dimensions

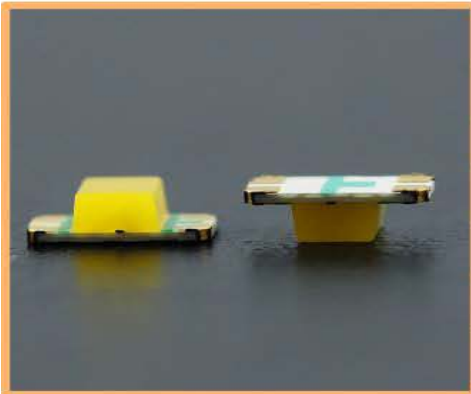

Unit: (mm)

Tolerance: ± 0.1 mm

Red and white bi-color are more common bi-color light LED combination. 1206 Red and white double color reverse mount are used in a large number of mechanical keyboards.

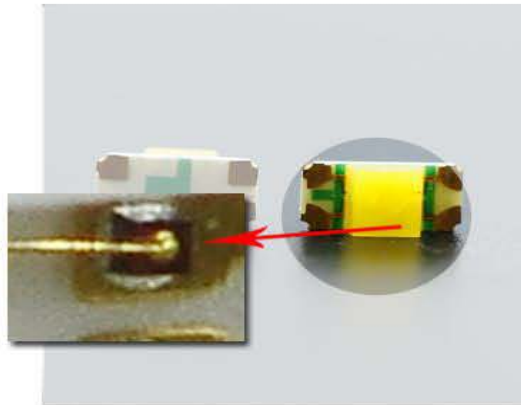

PRODUCT PARAMETER

LED Size	3.2*1.6*1.1mm
Color	RED、WARM WHITE
Wavelength	R:625 W:3000
Forward Voltage	R:1.8-2.4 W:2.8-3.6
Forward Current	20mA
Luminous Intensity	R:60-120 W:400-800
Packaging	3000PCS

PRODUCT DETAILS

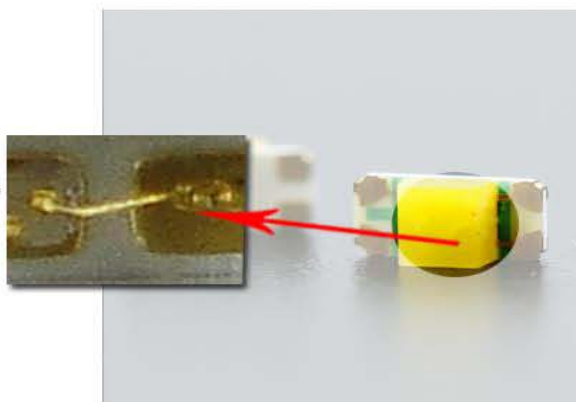

1. Chip, use large size regular square chip

2. Epoxy, use low light decay and high stability imported epoxy resin

3. Gold Wire, use 99.99% of the thousands of gold wire

LED Industry News

Early LEDs were often used as indicator lamps for electronic devices, replacing small incandescent bulbs. They were soon packaged into numeric readouts in the form of seven-segment displays and were commonly seen in digital clocks. Recent developments have produced LEDs suitable for environmental and task lighting. LEDs have led to new displays and sensors, while their high switching rates are useful in advanced communications technology.

LEDs have many advantages over incandescent light sources, including lower energy consumption, longer lifetime, improved physical robustness, smaller size, and faster switching. Light-emitting diodes are used in applications as diverse as aviation lighting, automotive headlamps, advertising, general lighting, traffic signals, camera flashes, lighted wallpaper and medical devices. They are also significantly more energy efficient and, arguably, have fewer environmental concerns linked to their disposal.

FAQ

1. How to shipping ?

- (1) Normally , it will be shipped out by DHL UPS TNT express or other express for the weight is not too heavy and box size is small .
- (2) it will be shipping out by air or sea once the weight and size is huge enough.
- (3) the shipping way from our clients' advise.

2.what will be the types of payment?

The payment we can accept are T/T transaction,Paypal,Western Union,etc.

3.Could you please send me the samples for confirm the quality?

Of course ,We can provide some free samples for our clients confirm the quality.

More Details information about Bi-Color Reverse Mount red white led, please feel free to contact our sales, we are 24 hours online for your service.
